# Summer Free

Thank you for choosing one of Roberto Sport's products. Our tables are famous for their quality and accuracy of their components. Roberto Sport has been producing table soccer, pool and hockey tables for more than 65 years. Huge experience and tradition, constant research and innovation have brought Roberto Sport's name as a synonym of the "Made In Italy" football tables all over the world.

## GENERAL WARNINGS

Unpacking and assembly operation should be carried out entirely by adults. Keep children away throughout all steps. All small parts such as bolts, screws etc., not yet assembled, and nylon bags might be swallowed or inhaled.

## CARE & MAINTENANCE

The model you bought is for *outdoor* use, therefore, you can place it in an open environment since its material resists to different weather conditions. Although the rods have an additional chrome plating, they are made of hardened steel which, in case of getting wet, may form rust. To prevent the rust formation, please find included a special waterproof cover to be put when not in use.

In order to keep your tables performance at a high level, we suggest you clean it periodically by using a humid dust cloth. For difficult stain you may use abrasive-free detergents. For an utmost sliding rods: we suggest you get the external part of the rod lubricated (the one in touch with the bushing) along with the rod's internal part by using a silicon spray. **Roberto Sport** uses and supplies a special silicon spray studied, produced and tested for these purposes. Do not use grease; it holds the dust and might block the rod sliding. The telescopic rods assembled on this table are of a highly safe. To prevent rods bending, we recommend you do not load weight on the rods when extended.

For any problem you might have, or any info you might need, do not hesitate to visit our web site: [www.robertosport.it](http://www.robertosport.it) or contact us at: [sales@robertosport.it](mailto:sales@robertosport.it)

## WARRANTY

Roberto Sport has a two- year warranty for its products starting from the acquisition date. Warranty covers manufacture defects only; it doesn't cover damages caused by misuse or assigned to be due to wear & tear. A manufacture defect must be reported at the earliest by a written communication within two months. A written notification must be sent to the vendor. Roberto Sport is committed to restore the table with no charge on the buyer by repairing or replacing the damaged part/parts or by offering a discount.

## PARTS LIST

1		Lubricant spray
10		White ball

1		Scoring unti

### *Material for legs assembly*

4		Aluminium leg
1		L allen spanner 5mm
8		Allen screw 8x45 mm
8		Metal flat washer 8x32 mm
8		Rectangular nut
4		zincd bracket

### *Material to fix the rods*

35		Screw for bushing 5x20
1		Complete set of rods

### *Material to fix the bushings cover*

7		Screw 4.5x16
---	---	--------------

## ASSEMBLY INSTRUCTIONS

The football table is packed in a carton box with the rods and legs to be assembled. The assembly operation is very simple and needs about 30 minutes. To start please follow the below instructions.

*Please read and keep these instructions for future reference.*

### Legs assembly

Place the L shaped bracket + square nut on the international body of the table and then insert the aluminium leg through the L bracket. To fix the legs insert the 8x32 washers from the external part of the body and tighten them up with the allen screw

### Rods assembly

1. insert the rods in the holes starting from the handles side

2. set the bushing with the screw holes upwards

3. fix the bushing with the 5x20mm screws

## Aluminium border top

Fissare il segnapunti  
con le relative viti

Fix the scoring unit  
using its screws

Fissare il copribocca in  
alluminio con le viti 4.5x16  
(3 viti per lato)

Fix the aluminium edge with  
the 4.5x16 screws  
(3 on each side)
